I was going through my docket on PAIR and noticed the above cited application was abandoned. I did not hear or receive any correspondence from the USPTO to indicate why the action taken without first contacting me. The attached PTO/SB/122 was mailed to the USPTO on September 5, 2006. Additionally, the US Post Office had a mail forwarding order to send all mail from the old address in Downingtown to my new address in Thorndale. The order just expired in July 2007. I do not know why the mails did not get forwarded. I also did not receive any calls about an incorrect address. I would respectfully ask you to revive the application.

Sincerely,

Anthony R. Carlis
